### About Accelerate Hockey Video Coaching

Accelerate Hockey Video Coaching is a performance-focused hockey development company dedicated to helping players improve faster through detailed video analysis, clear feedback, and modern coaching methods. We work with players across youth, junior, and elite pathways, providing actionable insights that translate directly to on-ice results.

### Role Overview

As a Hockey Video Coach at Accelerate, you will analyze game footage to provide individualized, high-impact feedback to players. Your role is to break down performance clearly, identify strengths and areas for improvement, and deliver coaching that players can apply.

### Key Responsibilities

- Analyze game footage for individual players
- Provide clear, structured video feedback (voiceover and telestration via Zoom, Google meet or Microsoft teams)
- Identify tactical, technical, and decision-making trends
- Create actionable coaching points tailored to each athlete
- Communicate professionally and positively with players, families and existing program and skills coaches
- Meet timelines and expectations of video review frequency
- Align with Accelerate's coaching standards and development philosophy

### **Required Qualifications**

- Strong hockey knowledge (playing and/or coaching background)
- Understanding of systems, positioning, and game concepts
- Ability to clearly communicate coaching points
- Comfortable using video analysis tools (willingness to learn quickly)
- High attention to detail
- Reliable, organized, and self-motivated

### **Preferred (But Not Required)**

- Coaching certification or formal coaching experience
- Experience with video platforms (Hudl, Instat, Sportlogiq, TPE etc.)
- Junior or collegiate playing / coaching background

### **What We Offer**

- Flexible coaching work
- Competitive compensation
- Consistent workflow as the company grows
- Opportunity to grow into a leadership role
- Be part of a modern, performance-driven hockey coaching brand
