

Next Generation Girls Hockey Internship

Organization: Next Generation Girls Hockey

Location: International / Remote (Digital & Social Media)

Position Title: Social Media & Creative Content Internship

Internship Period: May 1 – August 31, 2026

Next Generation Girls Hockey is looking for motivated interns to support creative content, social media, and digital storytelling for our international girls hockey development programs.

This role offers a unique opportunity to work within the growing landscape of women's hockey, helping share the stories of young athletes, international camps, and development initiatives taking place across multiple countries.

Interns will contribute to the creation of social media content, graphics, short-form videos, and digital assets that showcase the growth of women's hockey and the impact of the Next Generation program. This position provides hands-on experience building content for a sports brand while helping amplify the voices and journeys of female athletes.

Because Next Generation collaborates with federations, clubs, and hockey organizations around the world, interns will also gain exposure to the international side of the sport and may have opportunities to assist with content related to global hockey initiatives and brand partnerships.

This opportunity is ideal for students interested in sports media, storytelling, women's sports, marketing, or graphic design who are looking to build meaningful portfolio experience in the hockey industry.

Depending on the academic program, academic credit may also be available.

We are looking for individuals who are creative, organized, and passionate about hockey, storytelling, and the growth of women's sports.
