

Assistant Men's Ice Hockey Coach – University of Saint Joseph (USJ) NCAA III

University of Saint Joseph is seeking a dedicated and motivated Assistant Men's Ice Hockey Coach to support the growth and development of our program.

This position will assist the Head Coach in all aspects of team operations, including on-ice instruction, practice planning, player development, recruiting support, and game-day preparation. The ideal candidate brings strong hockey knowledge, excellent communication skills, and a commitment to building a competitive and positive team culture.

Responsibilities:

- Assist with daily practice planning and on-ice instruction
- Support recruiting and player evaluation efforts
- Help coordinate video, scouting, and game preparation
- Contribute to athlete development and team culture

Qualifications:

- Previous coaching and/or high-level playing experience preferred
- Strong understanding of the game and player development
- Excellent leadership and communication skills
- Ability to work evenings and weekends as required

A **small stipend is available** for this position.

Director of Game Intelligence (Volunteer – In Person/Remote) NCAA III

University of Saint Joseph is seeking a highly motivated and detail-oriented individual to serve as **Director of Game Intelligence** for our Men's Ice Hockey program.

This volunteer, remote role is focused on enhancing competitive performance through data, video, and strategic analysis. The ideal candidate is passionate about hockey operations, analytics, and providing actionable insights that directly impact team preparation and in-game decision making.

Responsibilities:

- Analyze game film and provide breakdowns of team and opponent tendencies
- Support scouting reports and pre-scout preparation
- Assist coaching staff with performance trends and strategic insights
- Organize and present game intelligence in a clear, usable format for staff and players
- Contribute to weekly planning and game-day preparation remotely

Qualifications:

- Strong hockey IQ and understanding of systems and structure
- Experience with video analysis, analytics tools, or scouting preferred
- Excellent communication and organizational skills
- Ability to work independently in a remote environment
- Background in coaching, analytics, or playing experience is a plus

This is a **volunteer position** with an opportunity to contribute meaningfully to a competitive collegiate hockey environment.
